

Hostel Management System

A complete digital platform for hostel residents and managers — manage rooms, fees, attendance, mess, complaints, and more from one place.

For Residents (Clients)

Self-service portal to view fees, attendance, submit complaints, apply for leave, and request room transfers — anytime, on any device.

For Hostel Managers

Full admin dashboard to manage students, rooms, finances, staff, visitors, mess, maintenance, inventory, and reports.

Progressive Web App

Install on phone or desktop like a native app. Responsive design works on mobile, tablet, and computer.

Secure Role-Based Access

One login page — students and admins are routed automatically. Each user sees only what they are allowed to access.

Who is this for?

Students and hostel residents who live in the hostel. They log in with their Student ID or email and access a personal dashboard tailored to their stay.

DASHBOARD & PROFILE

Personal Dashboard

At-a-glance view of pending fees, attendance rate, active complaints, and pending leave requests.

Quick Actions

One-click shortcuts to submit a complaint, apply for leave, request a room transfer, or view profile.

My Profile

View personal details — name, ID, contact, course, room assignment, hostel name, and resident status.

Notifications

Receive alerts about fee reminders, leave decisions, complaint updates, and hostel announcements.

REQUESTS & COMPLAINTS

Submit Complaints

Report maintenance, cleanliness, security, or other issues with title, description, category, and priority level.

Track Complaints

Monitor status (open → in progress → resolved) and read admin resolution notes.

Apply for Leave

Request vacation, emergency, or weekend leave with dates, reason, and emergency contact.

Leave Status

See whether leave is pending, approved, or rejected — with admin remarks.

Room Transfer Request

Browse available rooms in the same hostel and submit a transfer request with a reason.

Transfer Tracking

Follow pending, approved, or rejected transfer requests in real time.

FEES & ATTENDANCE

Fee Summary

See total, paid, and pending fee amounts at a glance.

Fee History

Full list of hostel, mess, security, and fine charges with due dates, payment dates, and status.

Attendance Stats

View total days, present/absent counts, and overall attendance percentage.

Attendance Log

Filter daily records by date range — see present, absent, or late status with remarks.

ACCOUNT & ACCESS

- ✓ Single sign-in page — system auto-detects student vs admin
- ✓ Forgot password via email or Student ID
- ✓ Secure password reset with email token
- ✓ Mobile-friendly card views and detail modals
- ✓ Install as a PWA app on phone or desktop
- ✓ Dark mode support for comfortable viewing

Who is this for?

Hostel wardens, administrators, and super admins who run day-to-day operations — from registering residents to collecting fees, managing staff, and generating financial reports.

CORE OPERATIONS

Admin Dashboard

KPIs: students, rooms, occupancy %, revenue, pending fees, complaints, maintenance, attendance rate, trends & deadlines.

Resident Management

Add, edit, delete residents (students, job-based, short-term). Upload photos. Search and view full profiles.

Room Management

Create rooms, set capacity & type, track status (available/occupied/maintenance), allocate students to rooms.

Fee Collection

Create fees (hostel, mess, security, fine), auto-calculate from room type, mark paid, view receipts, send overdue reminders.

Attendance

Mark daily attendance (present/absent/late), bulk mark all present, generate monthly reports.

Visitor Log

Check-in visitors with ID & purpose, link to resident, check-out, search and filter active visitors.

SERVICES & MAINTENANCE

Leave Management

Review, approve, or reject student leave requests. Create leave on behalf of residents.

Mess Management

Daily menu (breakfast/lunch/dinner), meal attendance tracking, mess fee status & payment.

Complaints

Manage all complaints — assign staff, set priority, update status, add resolution notes.

Maintenance

Create work orders, assign staff, track status, record cost and completion date.

Room Transfers

Approve or reject transfer requests. Auto-update room occupancy on approval.

Notifications

View, mark read, and manage system alerts. Send bulk fee reminders to overdue students.

ADMINISTRATION & REPORTS

Staff Directory

Manage wardens, cleaners, security, chefs, finance officers, and more — with roles, shifts & salary.

Inventory

Track hostel assets & supplies — quantity, location, condition, purchase info, and supplier details.

Documents

Upload & manage resident documents (ID cards, contracts, photos) — filter, download, delete.

Financial Reports

Monthly income & expenses, profit & loss charts, category breakdowns, year/month filters.

Multi-Hostel (Super Admin)

Manage multiple hostels, create admin users, assign roles, switch hostel context from header.

Theme & PWA

Dark/light mode toggle. Installable progressive web app for desktop and mobile use.
